Re: MM Docket No. 99-25 (LPFM Proceeding)

Dear Ms. Dortch:

On behalf of Edgewater Broadcasting, Inc. & Radio Assist Ministry, Inc. (the "Parties"), this letter represents the Parties full support with clarification of the joint Memorandum of Agreement submitted by the Educational Media Foundation and the Prometheus Radio Project to the FCC on July 8, 2010 in connection with MM Docket 99-25 and FM Translator Auction No. 83.

The only clarification and/or addition that we would request is that if this proposal is accepted or enacted by the FCC in full or in part that those Auction 83 applications that are precluded by a subsequent LPFM application window are allowed the opportunity to amend to another available channel or by other engineering amendment to remove the conflict with the LPFM application .

We believe this added caveat will best fully utilize the spectrum available to both LPFM's and translator users and thus assist both interested users in expanding their individual use of the spectrum and allow the FCC to maximize the growth of both types of users. If there are any questions concerning this input, please contact the undersigned.

Sincerely,

A handwritten signature in purple ink, appearing to read "Clark Parrish", is written over the typed name.

Clark Parrish
President
Radio Assist Ministry, Inc.
Edgewater Broadcasting, Inc.
